NONPROFIT INTO
YOUR WILL

CAROL AND FRANK

I have my favorite nonprofits in my will for three reasons:

1. I don't plan to die.
2. I don't miss the money today.
3. I don't want my husband's next wife to get my money!!!

Approximately 60% of all Americans don't have a will. Just having one puts you ahead of the curve, and when you include your values in your will, you communicate them to your kids.
